

PHOTOGRAPHIC SOCIETY OF CHATTANOOGA

Vol. XII

No. 8

APRIL MEETING

Place: Northside Branch, Hamilton National Bank

Date: Thursday, April 12, 1962

Time: 7:45 P. M.

CLOSE-UP PHOTOGRAPHY

This will be a spring meeting and will be devoted to close-up photography. Some of our members who specialize in this field will demonstrate and explain the use of bellows, diopters (portrait lenses), extension tubes, and remote cable release.

A small collection of local wild flower close-up color slides which were taken by some of our members will be shown on our new double lenticular silverized screen.

CONTESTS

Don't forget that we have two assignment contests to be submitted at this meeting. The Portrait and Genre, and Animals, Birds and Insects are due. You may submit up to three B & W prints, three color prints and three slides in each contest. Are you ready?

FIELD TRIP

On Sunday, April 15, weather permitting, we are going on a field trip to shoot spring wild flowers. Several nearby locations are now being considered depending on the weather, and the exact place will be announced at this meeting. For those who miss the meeting, field trip information can be obtained from Mr. R. T. Smith, Phone MA 2-3638.

NEWS ITEM

At this meeting, you will see for the first time the club's latest purchase, a 70" x 70" Double Lenticular Screen! It's a beauty!
