

The May meeting of the Photographic Society of Chattanooga will be held at the Brainerd Branch, American National Bank, at 7:45 PM, Thursday, May 11, 1967.

The program will be in two parts. First will be a 16mm sound movie "Window In The Woods". This fantastic film by Heinz Seilmann, a German ornithologist-photographer, took two years to make. It is an X-ray eye view of the life of a woodpecker. The photography is most unusual, and will be extremely fascinating to anyone who has an interest in Nature Photography.

The second part of the program will be a talk by Don Albritton on close-up camera work using extension bellows. Bellows are a must for serious close-up photography. Don will have some interesting comments on the use of this device.

Don't forget - the meeting
is at the Brainerd Branch,
American National Bank.
