January Meeting

DATE: Thursday, January 14, 1971

Please park on the west side of the building

TIME: 7:45 P M

PROGRAM: Color Films
There is a new color film on the market "FUJICHROME". We want to discuss its characteristics and show you some examples. Also, there is available through Eastman special processing for High Speed Ektachrome which allows you to double the ASA rating. Examples of this, too.

If you didn't get to the Christmas Party, you missed a very pleasant evening (thanks to the ladies of the Hospitality Committee).
